# Thank You.

Dear Friends,

Thank you for being here this weekend. To say we are proud is an understatement, but there is no word more adequate to describe our year.

We are proud of the Tenth Imperial Dove Court: proud of its achievements; of its unbounded dedication and work. We are proud of each other, of our love for one another, and of the fact that we have never spoken an angry word to one another. Above all, we are proud of the City of Fresno, for its unparalleled support of this Court.

Fresno is a city on the move, with such diversity in its community that it staggers the imagination to realize how much has been accomplished, and how much more can be achieved if we continue to work together. We want to take this opportunity to thank our Court members for their constant work and dedication to the ideals for which we believe the Court system stands. We also offer our unbounded thanks to the members of the Fresno Imperial Family, for standing behind us this year as a united body, and for performing their duties as never before. They will never know how much their support has meant to us.

Thank you, Fresno, for accepting us as your Emperor and Empress for a year, and for your overwhelming and consistent support of all our functions. It is because of you that this Court is able to help so many in need with financial contributions this evening.

Above all, we want to put down in print all our love and deep appreciation to Daddy Lee. You have stood by us both all year. It was not an easy task to be a husband to both of us; counsellor, advisor, devil's advocate, and above all, friend. You, Lee, are the most important person in both our lives, and we love you very much.

Finally, we wish to express our support of Michelle DeCamp, candidate for Empress XI. Our faith in her knows no bounds, and we offer her our help and friendship.

Thank you all for our year. We will never forget this most difficult, and yet wonderful twelve months of our lives.

Have a wonderful time this weekend.
